PUBLIC MEETING
JULY 11, 2017

Welcome and thank you for your time and involvement in the FM 150 Character Plan process. As our County continues to grow, we must plan ahead to preserve the unique character and quality of life that we all value. The Character Plan that we are sharing tonight was developed through a process that involved the County working closely with the community over the past 2 ½ years.

We recognize that the decisions needed are challenging to keep travel along FM 150 safe and efficient while preserving the character of the community. We believe that planning ahead will help the County develop a plan that best preserves the character of the community and serves the community's travel needs in the years to come. Thank you again for being a part of this process.

Hays County Commissioners

Will Conley, Precinct 3 & Ray Whisenant, Precinct 4

FM 150 CHARACTER PLAN

CHARACTER PLAN

WHAT COMES NEXT

Based on comments received at tonight's meeting and throughout the comment period, the project team will finalize the concepts presented tonight and then present the Plan to the Commissioners Court. Once accepted by the County, the Plan will be used to work with TxDOT to determine the timing and funding for future projects. It is likely that some improvements (for example, safety and other near-term ones) could begin the project development process and begin construction in the near timeframe.

Other improvements such as the proposed bypass could begin the project development process further out. Such concepts could enter the project development process in 3-10 or more years and could take an additional 3-5 years before construction could begin.

SHARE YOUR FEEDBACK

Please share feedback by:

1. Leaving a location-specific comment on the maps
2. Completing a comment card for any or all of the 3 sections
3. Submitting a general comment via comment card, mail or email

Please share comments by **July 26** for inclusion in the meeting report.

Public involvement is an integral and fundamental part of this effort. The County and Project Team has held public meetings, worked alongside a Citizens Advisory Panel (CAP), and met individually with property owners and stakeholders in the area throughout this process. The information we learn from working with the public is very valuable to this process and the Character Plan is a reflection of the community's efforts and input.
